ABSTRACT

The Association of American Medical Colleges presents the results of their Annual Salary Questionnaire for medical school faculties for the fiscal year 1972-73. One hundred five schools submitted returns and salaries of 4,925 basic scientists and 11,567 clinical scientists are reported in the survey. The areas covered include strict full-time faculty by department, and base salaries and total income geographic by department. Both base salaries and total income are reported. (JMF

MEDICAL SCHOOL SALARY STUDY

1972-73

FEBRUARY 1973

Division of Operational Studies
ASSOCIATION OF AMERICAN MEDICAL COLLEGES

2

FOREWORD

We are pleased to present the results of the Annual Salary Questionnaire for medical school faculties for the fiscal year 1972-73. One hundred five schools have submitted returns on faculty members. Salaries of 4,925 basic scientists and 11,567 clinical scientists are reported in this survey.

As a result of continued refinement and special studies of reported salaries, we believe that this report provides more accurate data than in the past. The information pertaining to the salaries of strict full-time faculty has always been reasonably complete and reliable. We have improved the reliability of reporting for geographic full-time by deleting a number of persons previously carried in the Total Income portion of the geographic faculty report.

Of course, the accuracy of the reported data depends on the accuracy of returns from the medical schools. In recent years more and more schools have participated in this survey and as a result, the report has become much more useful.

These figures do not necessarily reflect the total income of the faculty but only the salary provided through the school for professional services for teaching, service or research. Supplementary forms of income such as honoraria, consultation fees, and lectureships are frequently not included in salary returns.

We would appreciate any suggestions for improvement or other comments concerning this survey.
